

HASH 954

HASHERS KICK OUT 2021

Due to Christmas falling on a Saturday, Hare of the day Crive elected to have a gentle stroll with drinkies and nibbles afterwards. The venue was Cheong Mon and the site held the 26 who came along and after a detailed explanation of what awaited us we sauntered off happily going over the events of the previous day when Santa delivered sackful of goodies.

As in the past some had the temerity to raise the issue of paper scarcity but it all amounted to a hill of beans as No Woman had a hand in some parts of the Trail and in addition did a first class job of doling out the ale at the halfway mark.

In fact, hardly any paper was used in this Hash!

No MIAs this time around and without delay
the vote returned a thumbs up and we carried
on with welcoming back a few returners
including Brothel Bob and C.O.D. (Crack of
Dawn) who had spent 6 months in
Abergivennygogogo.
No snitches but Big Yin attempted to bring
charges of desertion against Winkle and Wee
Yin only to find his hairy butt cooling in the
bucket for going off paper.

CENSORED

No F'ing Clue was iced as a substitute for Mrs. No F'ing clue who failed to wear a Hash shirt in the circle.

No Name Louis was in the ice bucket next for some offense!

He's really fast!

Urine Trouble got the FRB award and Corky then stepped up to give the good news that we will be back out to play next SATURDAY 1st in good old Maenam 1.

- The G.M. closed the Circle and we all meandered up the slope to sample some delicious scran and dance the night away. What stamina the KSH3ers have.
