

Hash 1009

Red Mullet and Corkscrew took us back to familiar haunts on Soi One in Maenam. With a very brief explanation because “You buggers wouldn’t understand!” we headed out.

Winkle, as Walking Steward called out Two Stroke for some offence!

And then promptly forgot Forbes Skin name!
Jeez! Maybe if they spent more time together!

Once again, the GM took a tumble
but was joined with the perennial Hash Crasher Crive who also went down!

SOS and Down Early were Joint FRB's....
What????
Really???

A small group of visitors, many of whom live on the Island and just discovered
Koh Samui Hash House Harriers!
Clearly, we are not loud enough!
Hopefully, we will see them again!

Dyke Finger graced us with new shoes
and with aplomb christened then
Hash style!

We would have made him drink
Out of his sock.....
But we didn't have that much beer!

Dambuster and Dyke Finger
Will be next weeks Stylish Hares!

AGPU

The AGPU is almost here!

Make sure you have registered!

We need to give final number for dinner to the Chill Inn

And

Most importantly

Make sure we have enough Beer and Wine!
