

Hash 1030

Tangerine Man and Suzuki were our Hares this week.

The day started with a walk to
See Budda's Footprint which was
just down from the Laager site.

Of course, it was uphill to get there!

This chap was guarding the entrance.

We got most of our steps in before the Hash
even started!

And the Iconic bathrooms!

This Buffalo was at the Laager site. Even tried to buy a shirt from Happy Endings!

Wait! I was gonna come with you!

The Hares laid on some
River Rafting!

Once over,
Someone has
to take it back!

How'd she do that?

Fabulous food provided by
these fabulous ladies!

The FRB!
